Job description –Welder

About us:

BROAD U.S.A. is a privately held company headquartered in Hackensack, New Jersey. BROAD delivers innovative solutions in three product areas:

- Absorption chiller and Electrical chiller
- Air Purification, Filtration and Ventilation systems
- Modular construction: BROAD's B-CORE stainless steel structural technology builds sustainable buildings with an unlimited service life

About the role:

We are looking for an experienced and skilled Welder to join our team! As our Welder, you will be responsible for cutting and joining metals and other materials in house, at commercial building facilities, or at construction sites for HVAC systems and cooling, heating, and ventilation for buildings and facilities in addition to assembling/welding modular building structures or parts. Your projects will be primarily in, but not limited to, the New York Tri-State area.

Responsibilities:

- Understand blueprints and engineering drawings
- Source the materials to be used in project
- Take and read measurements
- Weld components using manual or semi-automatic welding equipment
- Join metals (steel, brass, stainless, aluminum, copper etc.)
- Fill holes, repair cracks/ splits
- Equipment metal assembly, stainless steel building material assembly
- Repair machinery
- Plan layouts and procedures
- Determine the appropriate welding equipment or machinery to be used
- Measuring, cutting materials to specifications
- Operate angle grinders to prepare the parts that need be welded
- Set up/prepare components for welding
- Align components using calipers, rulers, clamp pieces etc.
- Maintain machines and equipment
- Support our account engineers with HVAC equipment and system assembly, installation repair and maintenance, stainless steel building field installation, assembly and repair etc.
- Test and inspect welded surfaces and structure to discover flaws

BROAD U.S.A. INC.

401 Hackensack Avenue, Suite 503, Hackensack, NJ 07601 Phone: (201) 678-3010 Fax: (201) 678-3011 WWW.BROADUSA.COM

- Maintain a clean and safe work environment

Qualifications:

- 2+ years' experience as welder or similar role
- 2+ years of experience using a variety of welding equipment, machinery and procedures (Stick, TIG, MMA etc.)
- 2+ years' of experience in using electrical or manual tools
- Ability to read and interpret technical documents and drawings
- Strong knowledge of relevant safety standards/good practice and willingness to use protective clothing (face-shield, gloves etc.)
- Exceptional organization and attention to detail, critical thinker and problem-solving skills
- Team player with good time self-management skills
- Great interpersonal and communication skills
- AWS welding certificate or other professional certification

Salary Range:

- \$45,000 to \$105,000 (commensurate with experience and performance)

Compensation:

- Compensation package is a blend of salary and incentives
- Medical benefits, retirement plan

BROAD is an equal opportunity employer
